

Total Waste Management

*Reduce your company's global environmental impact
and reduce costs with Unlimited Recycling!*

Industrial, institutional, commercial and governmental organizations of all sizes face increasing demand to minimize the environmental impact of their wastes, communicate responsibility to their community, reduce operational costs and minimize long-term liabilities. Recycling is a key part of an effective strategy for achieving these results.

Unlimited Recycling, Inc. can provide your company facilities globally with our aggressive, proactive **Total Waste Management Program**. This program covers the recycling of all marketable solid and universal wastes, food/organics composting, waste-to-energy and/or the disposal of what isn't recycled.

Features & Benefits:

- Consolidation of all facility recycling and waste disposal contracts globally to streamline your corporate contracting process.
- Single-source recycling collection and processing of all recyclables, including office paper, old corrugated containers, scrap metal, industrial plastic, glass, electronic equipment, wood pallets & mixed beverage containers to minimize environmental impact, communicate corporate responsibility and reduce costs.
- Convenient collection of all wastes using internal systems, pickup containers and vehicles that best meet your individual facility requirements.
- Optimized transportation to minimize your corporate "Carbon Impact".
- Complete provision of Compactors, Balers, Shredders and a variety of internal recycling & waste handling containers provided for convenient use by workers with no startup cost.
- Complete training and educational materials for management, housekeeping and employees minimizes your headaches implementing and maintaining program.

- Ongoing program management assures highest employee participation for highest overall program performance.
- Program reporting to accurately monitor results, refine benchmarks and provide your organization with vital statistics regarding your environmental performance.

Unlimited Recycling, Inc. is a minority woman-owned small business enterprise founded in 1999 by Maria A. Marin and is MDOT, MBE, DBE and WOB certified.
