

Universal Waste Management

*Protect our environment and
reduce liabilities with Unlimited Recycling!*

The proper handling of old lamps, batteries, electronic equipment and other small volumes of hazardous materials is a legal requirement for commercial, institutional and industrial facilities. Safely recycling these items is an effective way to minimize their environmental impact, communicate responsibility to your community and reduce your exposure to potential liability for improper disposal.

Unlimited Recycling, Inc. can provide you with our responsive and aggressive **Universal Waste Management** Program. This program covers the safe recycling of fluorescent lamps, HID lamps, compact fluorescent lamps, mercury vapor lamps, batteries, mercury containing devices, electronic equipment and PCB and non-PCB ballasts and other regulated wastes along with the approved disposal of what can't be recycled.

Features & Benefits:

- Recycling pickup and processing of spent fluorescent lamps, HID lamps, compact fluorescent lamps, mercury vapor lamps, batteries, mercury containing devices, electronic equipment and PCB and non-PCB ballasts from your facility.
- Material can be picked up on pallets or special containers for specific materials.
- Your waste will be recycled or disposed of according to federal, state and local regulations.
- We will provide appropriate paperwork and will supply a certificate of recycling upon receipt of payment.
- Training and educational materials for management, housekeeping and employees minimizes your headaches implementing and maintaining program.

Unlimited Recycling, Inc. is a minority woman-owned small business enterprise founded in 1999 by Maria A. Marin and is MDOT, MBE, DBE and WOB certified. As a contractor for many leading governmental, industrial, institutional and commercial facilities, we have received excellent performance ratings. We can do the same for you!

- Single source solution for the recycling of paper, plastic, organics, metal, wood, electronics, fluorescent bulbs & universal wastes, destruction of confidential materials and the sanitary disposal of wastes.
- Unmatched service capabilities including Roll-Off, Front Load, Semi-Tractor, Box Truck and Onsite Shredding.
- Complete Employee Training and Program Management that handles all phases of launching and managing your program.
