

Food Waste Composting

Minimize your environmental impact and increase your leadership with Unlimited Recycling!

Composting food wastes from restaurants, cafeterias and commercial food/organic material operations is a great way to reduce methane generation from landfills, lower your carbon footprint, achieve your corporate sustainability goals and improve your positive public leadership.

Unlimited Recycling, Inc. can provide your company or institution with our aggressive, proactive **Food Waste Composting Program** to include the pickup and composting of all food and other compostable wastes generated at your facility.

Features & Benefits:

- Timely, professional collection.
- Fruits, vegetables, dairy products, grains, bread, unbleached paper napkins, coffee filters, eggshells, meats and newspaper can be composted. If it can be eaten or grown in a field or garden, it can be composted.
- Compostable tableware and bags are also acceptable!
- Items that cannot be composted include plastics, grease, glass, and metals — including plastic utensils, condiment packages, plastic wrap, plastic bags, foil, silverware, drinking straws, bottles, polystyrene or chemicals.
- Waste composted at state certified/approved facilities.
- Documentation provided to certify composting.
- 64 Gallon Carts provided for central collection of food wastes simplifies collection.

- Complete training and educational materials for management, housekeeping and employees minimizes your headaches implementing and maintaining program.

Unlimited Recycling, Inc. is a minority woman-owned small business enterprise founded in 1999 by Maria A. Marin and is MDOT, MBE, DBE and WOB certified. As a contractor for many leading governmental, industrial, institutional and commercial facilities, we have received excellent performance ratings. We can do the same for you!

- Single source solution for the recycling of paper, plastic, organics, metal, wood, electronics, fluorescent bulbs & universal wastes, destruction of confidential materials and the sanitary disposal of wastes.
- Unmatched service capabilities including Roll-Off, Front Load, Semi-Tractor, Box Truck and Onsite Shredding.
- Complete Employee Training and Program Management that handles all phases of launching and managing your program.
