

Industrial Waste Management

*Why throw away natural resources, money
and your company's image?*

Manufacturing, assembly and distribution facilities of all sizes face increasing demand to minimize the environmental impact of their wastes, communicate responsibility to their community, reduce operational costs and minimize long-term liabilities. Recycling is a key part of an effective strategy for achieving these results.

Unlimited Recycling, Inc. can provide your company with our aggressive, proactive **Industrial Waste Management Program**. This program covers the recycling of all paper, old corrugated containers, scrap metal, industrial plastic, glass, electronic equipment, wood pallets & mixed beverage containers and the disposal of what isn't recycled.

Features & Benefits:

- Timely, professional collection of all wastes using pickup containers and vehicles that best meet your facility requirements.
- Recycling pickup and processing of office paper, old corrugated containers, scrap metal, industrial plastic, glass, electronic equipment, wood pallets & mixed beverage containers to minimize environmental impact, communicate corporate responsibility and reduce costs.
- Safe disposal of non-recyclable waste in sanitary landfills and/or waste-to-energy facilities.
- Special "weight-based" pricing to reduce charges for light-loads.
- Compactors, Balers, Shredders and a variety of internal recycling & waste handling containers provided for convenient use by workers.
- Complete training and educational materials for management, housekeeping and employees minimizes your headaches implementing and maintaining program.

Unlimited Recycling, Inc. is a minority woman-owned small business enterprise founded in 1999 by Maria A. Marin and is MDOT, MBE, DBE and WOB certified. As a contractor for many leading governmental, industrial, institutional and commercial facilities, we have received excellent performance ratings. We can do the same for you!

- Single source solution for the recycling of paper, plastic, organics, metal, wood, electronics, fluorescent bulbs & universal wastes, destruction of confidential materials and the sanitary disposal of wastes.
- Unmatched service capabilities including Roll-Off, Front Load, Rear-Load, Semi-Trailer, Box Truck and Onsite Shredding.
- Complete Employee Training and Program Management that handles all phases of launching and managing your program.
