

LEED Waste Management

*Missed pickups or need LEED compliance?
Improve construction waste management with Unlimited Recycling!*

Modern construction and demolition companies can no longer rely on landfills to dispose of their waste. Today's projects require innovative waste management practices to reach customer and LEED goals for green building.

Unlimited Recycling, Inc. can provide you with our responsive and aggressive **LEED Waste Management Program**. This program covers the pickup and disposal of traditional construction & demolition debris as well as the recycling of scrap metal, concrete, drywall, old corrugated containers and wood.

Features & Benefits:

- Collection of wastes using 10, 20, 30 & 40 cubic yard containers provides size flexibility for big and small jobs.
- Timely, professional pickup service to help keep your facility clean.
- Safe disposal of non-recyclable waste in sanitary landfills and/or waste-to-energy facilities.
- Special weight-based pricing to reduce charges for "light-loads".
- Recycling pickup and processing of separated old corrugated containers, drywall, scrap metal, wood & concrete to minimize environmental impact, communicate corporate responsibility and reduce costs.
- Reduced paid based on actual published market value.
- Customized billing options enable you to track costs by job site and even individual lots.
- Ongoing program management assures employee participation and accurate data management.

Unlimited Recycling, Inc. is a minority woman-owned small business enterprise founded in 1999 by Maria A. Marin and is MDOT, MBE, DBE and WOB certified. As a contractor for many leading governmental, industrial, institutional and commercial facilities, we have received excellent performance ratings. We can do the same for you!

- Single source solution for the recycling of paper, plastic, organics, metal, wood, electronics, fluorescent bulbs & universal wastes, destruction of confidential materials and the sanitary disposal of wastes.
- Unmatched service capabilities including Roll-Off, Front Load, Rear-Load, Semi-Trailer, Box Truck and Onsite Shredding.
- Complete Employee Training and Program Management that handles all phases of launching and managing your program.
